February 9-12, 2010

 **ADEX**
SINCE 1897

CEVISAMA 2010 will be a very Special Event for ADEX SPAIN. This year we have several **new and exciting products, sales and merchandising items** and more. ADEX is committed to maintain our long standing tradition of Quality Classic Design, Color & Size Palettes to complement and enhance Fashion as well as a Leader in the Minimalistic Movement in Wall Covering.

This year we will also introduce new **"user-friendly"** programs to assist you in merchandising and selling the products to your clients. These are all geared to simplicity and will serve as a "silent salesperson" for you where the salesperson becomes the "added-value" in the design and selling process.

We are also introducing a new "Quick Ship" Program we call **ADEXPRESSIONS** that allows you to satisfy your customers from our Stock Program and support the **24-48 hour shipping** window from date of order receipt. Shipping in this program will be based on simple, minimal quantity requirements of a square foot to a single piece. The Price List also follows the "user-friendly" direction of the Company.

Basically, we want to introduce you to the **NEW ADEX!** We would love to make an appointment time to insure we provide you our undivided attention. Our **Booth #A12, Level 2 Pavilion 3.** We will be contacting you shortly to confirm your attendance or feel free to contact us directly at:
